

**12<sup>th</sup> International Conference on Disability Virtual Reality and Associated Technologies,**

**In collaboration with Interactive Technologies and Games**

**University of Nottingham, UK**

**4<sup>th</sup> – 6<sup>th</sup> September 2018**

**FULL PAPER SUBMISSION DEADLINE: 28<sup>th</sup> February 2018**

**SHORT PAPER SUBMISSION DEADLINE: 31<sup>st</sup> May 2018**

The ICDVRAT conference Series provides a forum for international experts and researchers to present and review how advances in the general area of virtual reality can be used in the area of disabilities, rehabilitation and education. High quality papers are sought in which technical innovation is backed up by evidence of original and practical implementation, or which promise practical implementation in the very near future.

The following topics are just a few of those that will be relevant to the conference:

Virtual and enhanced environments	Sensory impairment	Communications aids
Motor rehabilitation	Medical systems	Tools for architectural/CAD design
Clinical assessment	Input devices, sensors and actuators	Product design, testing and prototyping
Cognitive rehabilitation	Multi-user systems for user interaction	Training tools for rehabilitation
Communication and language	Computer access	Augmented reality applications
Ambisonics and audio environments	Virtual humans	Human factors
Haptic devices	Balance, posture and mobility	Rehabilitation robotics
Physical rehabilitation tools	Robotics and Sensors	Human-computer interfaces
Remote/Telecare	Wearable devices	Games Apps
Game Based Learning	Mobile health applications	VR for Health
	Robotics and Education
